

United Pacific

1947-1987 CHEVY & GMC

United Pacific

As leaders in the industry, it is our mission to ensure the best fitment and function when it comes to your custom build. We understand the rigors and stresses that our products are subjected to on the road, so we partner with top manufacturing facilities that conform to our strict requirements and must perform quality assurance tests. It is our duty to provide our customers with products of superior quality and reliability.

HOW TO ORDER

To order from United Pacific Industries, you must be an authorized dealer, distributor or OEM. If you are not authorized to stock and sell United Pacific products, you must order through an authorized dealer. Please call 866.327.5288 for more information.

QUALITY

With over 30 years of experience in the automotive aftermarket industry, United Pacific Industries understands the rigors and stresses that our products are subjected to on the road. It is our mission to provide our customers with products of superior quality and reliability. In achieving this goal, United Pacific only partners with manufacturing facilities that conforms to our quality control requirements and standards. Our manufacturing partners meet or exceed ISO-9001 requirements. In addition, United Pacific's manufacturing partners must be equipped on site to perform the following quality assurance tests and maintain a track record of consistent quality and low product failure rate.

- Aging Test
- Air Tight Test
- Dust Test
- Flux Test
- Photometric Test
- Pull Force Test
- Rain Test
- Salt Spray Test
- Shock Test
- Temperature Test
- Humidity Test
- Vibration Test

Furthermore, our internal quality control structure allows us to function as the final quality control station prior to shipping. With the assistance of 3D computer technology, United Pacific can adhere to strict quality control standards during prototype creation and the production process. Our engineers and technicians perform a battery of tests to ensure that our products meet the demands of today's drivers and our goal to be first in quality.

INNOVATION

Known as the leader in innovation, United Pacific is dedicated to be the first to bring new and exciting products to the market. United Pacific's global expertise allows us to search the globe for new ideas and concepts. Not only do we search the globe for new products, United Pacific invest a significant amount of resources into our own research and development efforts. With the assistance of advance 3D scanning technology, our engineers and designers can acquire accurate and precise data in seconds. The 3D data allows United Pacific to verify designs, perform quality assurance tests, and reverse engineer with unprecedented speed and accuracy. Digital inspection contributes to the early detection of shape problems, provides rapid feedback on design, and eliminates unnecessary work in downstream processes. Our rapid prototyping facility permits us to have a concept-to-shelf time of less than 5 months. In addition, United Pacific's 3D printing capabilities permit our designers to have physical models of their design concepts in hours. The physical models allow our designers and marketing staff to evaluate and test the viability of different design ideas. Our rapid prototyping facility allow United Pacific to compress design cycles, improve manufacturing planning, shorten concept-to-shelf time, most importantly, generate new and innovative products.

DESIGN

Located near some of the nation's most progressive automotive design centers, United Pacific established the UP Design Studio in 2002 to consolidate our position as the design leader in the automotive industry. UP Design Studio utilizes the latest generation of computer aided design (CAD) and studio/graphic software. The design studio is equipped with the newest computers and rapid prototyping systems. In addition, UP Design Studio is staffed by graduates from the nation's most prestigious design colleges. Unlike our competitors, United Pacific's design and manufacturing capabilities mean that we carry more new and original items than our competitors. The establishment of the design studio will enable us to generate even more new products with significant shorter concept-to-shelf time. The reduction in development cost mean that we can develop products utilizing design based development processes. Design based product development allows United Pacific to create new product concepts based on designs incorporating driver demands and needs instead of economic considerations. United Pacific's emphasis on design distinguishes and positions us ahead of our competitors.

WARRANTY

With LED (Light Emitting Diodes) rated at 100,000 hours of operation and solid-state construction, United Pacific's LED lights are extremely reliable and durable. Purchase with confidence, United Pacific offers a complete line of LED lighting products with extended or limited lifetime warranties. Please see the warranty policy page for more details.

INVENTORY AND SHIPPING

United Pacific carries over 20,000 items in our California distribution center. No other company in the heavy duty trucking industry can match United Pacific in the variety and range of in-stock inventories. With an order fill rate of over 98.5%, United Pacific is the largest and most reliable supplier in the industry. Our shipping department ships 96.8% of all orders within 24 hours and 98.9% within 48 hours. United Pacific's vast inventory and prompt shipping has made United Pacific the only source for our customer's chrome and lighting needs.

100%

reduction in potable water used for landscaping

40%

reduction in total energy use due to high-efficiency mechanical and lighting systems

82%

of construction waste was diverted from landfills

LEED ACCOMPLISHMENTS

Sustainable Sites

- On-site bicycle storage, showers and changing areas for company employees.
- Preferred parking for low-emitting, fuel-efficient and carpool vehicles.
- Stormwater is infiltrated on-site and treated to remove contaminants to reduce environmental impact on local waterways.

Water Efficiency

- In addition to using reclaimed water, drought-tolerant plants and a high-efficiency irrigation system were installed to reduce the use of potable water for irrigation by 100%.

Energy and Atmosphere

- Efficient HVAC equipment and a lighting system with daylight controls reduces energy consumption by over 30%.
- Enhanced commission verifies that the building's energy and water-related systems are performing as intended by the initial design.

Indoor Environmental Quality

- Building ventilation systems was designed to provide enhanced levels of fresh outside air to building occupants.
- Interior finishes (plants, sealants, adhesives, coatings, carpet systems and composite wood) were selected with low levels of volatile organic compounds (VOCs) to reduce indoor air contamination.

UNITED PACIFIC

WEEK TO WICKED 1971 CHEVY C10 BUILD

In the most recent installment of Week to Wicked presented by Classic Trucks Magazine, United Pacific and the team over at the MotorTrend Tech Center in Santa Ana, California, banded together to transform a stock 1971 Chevy C10 Pick-up truck to a WICKED street performance ride...in just ONE WEEK! The build started off with the usual wrenches and sparks flying as the guys stripped the truck down in preparation for the complete restoration. Things motored along as we raced towards the final days updating the build with a new suspension, drivetrain, brakes, and steering components, a fresh set of wheels and tires, and some interior redecorating. As we finally reached the finish line, it was time to fire up the C10's ZZ6 small-block. The engine came to life on the first crank leaving the crew excited for the test drive and of course, the obligatory burnout.

THANKS TO ALL THAT HELPED WITH THE BUILD

United Pacific Industries:

Sheetmetal, Lighting, Restoration Products

Classic Performance Products:

Presenting (Steering, Dual Adjustable Coilover Suspension, 6 Piston Modular Brakes, EFI Fuel Tank)

Covercraft:

Official Car Cover

Dakota Digital:

Official Gauges (HDX Series)

Holley Performance:

Bedside exterior

Bedside interior

1968-72 Chevy & GMC Fleetside Truck

SHORTBED BEDSIDE PANELS

- Reproduced exactly like the original with high quality 20-gauge steel, stamped with all the original contour and detail
- Complete bedside, includes installed and spot welded 17 gauge inner liner
- Features 3/8-16 and 5/16-18 threads welded in between exterior steel panel and inner reinforcement
- Black EDP Coated
- Includes rubber tailgate bumpers
- Has side marker cutout for 1968-72, but can be used on 1967 if side marker is desired
- Packed in heavy-duty cardboard box

110830 | RH/Passenger | 1Pc. / Box

UNITED PACIFIC BODY PANELS

United Pacific is the source for quality body panels for long bed to short bed conversions. By reverse engineering each panel with exact specifications and modern technology, we are able to create a complete replica of short bed C10 bedside, bed floor pan and tailgate panels. Our high-quality heavy steel panels are manufactured with mounting holes and feature our exclusive welded nut inserts for the wheel well, tailgate pivot trunnion, tailgate support and striker.

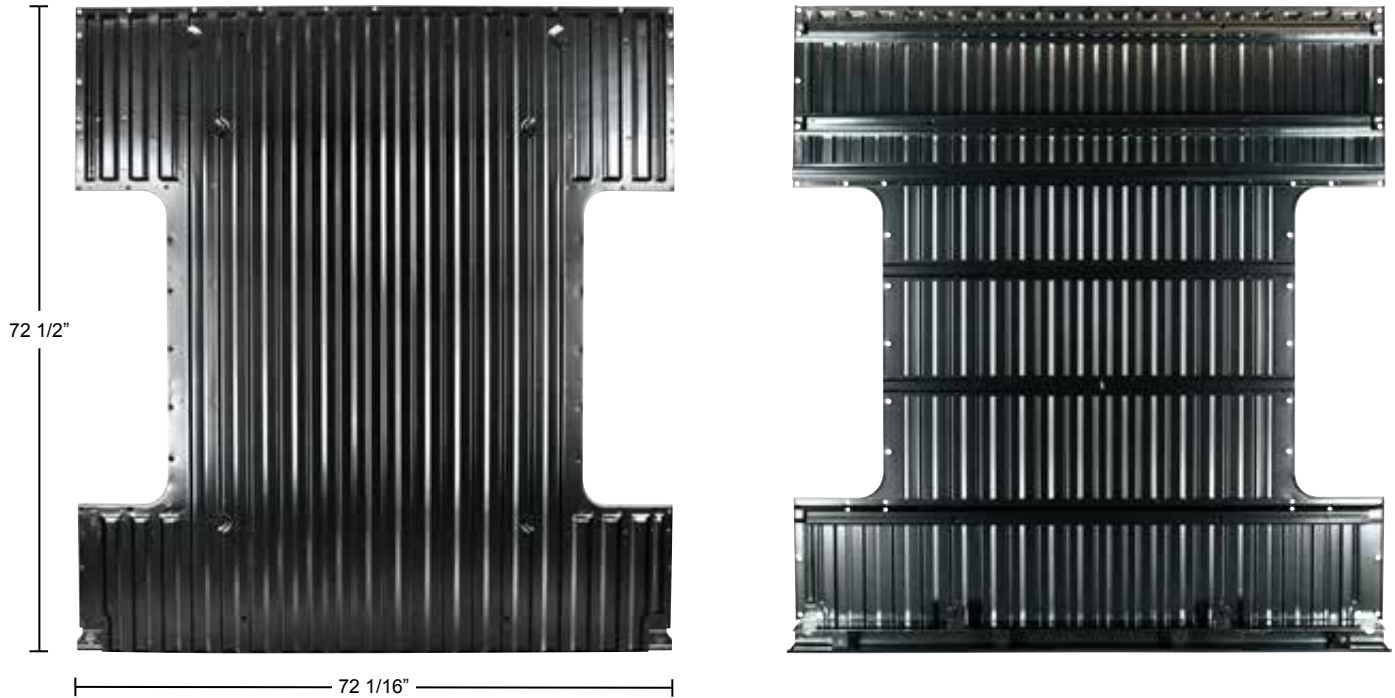

United Pacific's goal is to ensure that our parts have the best possible fit and make sure installation is a breeze. We are here to help the C10 community restore and rebuild the truck of their dreams.

Pre-welded wheel well nuts

1967-72 Chevy & GMC Fleetside Shortbed Truck

6-1/2' BED FLOOR PAN

- 6-1/2' Bed Floor Pan For 1967-72 Chevy & GMC Truck Fleetside Shortbed
- Excellent stamped sheet metal reproduction with all of the original contour detail
- Quality 18 gauge floor panel with spot welded heavy 14 gauge crossmembers
- Features precision punched mounting holes for easy bed front, bed side, and wheel well installation
- Finished with black EDP protective coating

110839

3

1967-72 Chevy & GMC Fleetside Truck

TAILGATES

- Die stamped quality 17 gauge steel
- Precision cut latch handle pocket with mounting holes
- Two welded 5/16-18 nuts on each side for latch mounting
- Includes tailgate linkage posts and tailgate trunnion pockets
- Finish with black EDP protective coating to keep your new steel fresh and rust-free
- Official GM licensed for GMC lettering

LED HEADLIGHTS

Universal

7" LED HEADLIGHT W/ POSITION LIGHT

- High power LED headlight with LED turn signal and position light bar
- Reinforced aluminum reflector with rugged anti-vibration construction
- Easy connection, fits OEM housing or fender, plugs into existing wiring harness, position light requires additional wiring
- DOT/SAE approved, sold individually

31458 | Amber LED Position Light Bar

31459 | White LED Position Light Bar

Universal

7" LED HEADLIGHT-BLACK

- 5 high power LED 7" headlight, Philips Lumileds
- Reinforced aluminum reflector with rugged anti-vibration construction
- Sold individually

31289

Universal

7" LED HEADLIGHT-CHROME

- 5 high power LED 7" headlight, Philips Lumileds
- Reinforced aluminum reflector with rugged anti-vibration construction
- DOT/SAE compliant, sold individually

31391

LED HEADLIGHTS

Universal

7" LED HEADLIGHT W/ POSITION LIGHT BAR

- High power LED headlight with 2 LED position light bar
- Dual function headlight with high and low beam
- Reinforced aluminum reflector with rugged anti-vibration construction
- Easy connection, fits OEM housing or fender, plugs into existing wiring harness, position light requires additional wiring
- DOT/SAE approved, sold individually

31200

Universal

7" LED HEADLIGHT W/ POSITION LIGHT BAR

- 3 high power LED headlight with 10 LED dual function position light bar
- 900 lumen output on low, 1,600 lumen output on high
- White position light bar can be wired as daytime running light and amber position light bar can be wired as turn signal
- Easy installation, fits OEM housing, plugs into existing wiring harness
- DOT/SAE approved, sold individually

31513 | White LED Position Light Bar

31514 | Amber LED Position Light Bar

LED HEADLIGHTS

LED HEADLIGHTS

Universal

7" LED CRYSTAL HEADLIGHT-CHROME

- 11 high power LED 7" headlight, impact resistant polycarbonate lens provides unparalleled protection from road hazards
- Die-cast aluminum housing provides maximum protection from the elements
- DOT/SAE compliant, sold individually

31355

Universal

7" LED PROJECTION HEADLIGHT W/ LED HALO

- 7" high power projection headlight with dual function LED halo ring
- Dual color white/amber auxiliary LED halo ring with amber automatic override feature
- Die-cast housing and polycarbonate lens provide maximum protection and durability
- Solid state design resists shock and vibration, IP67 weatherproof rating
- DOT/SAE compliant, sold individually

31496

Universal

7" LED HEADLIGHT

- 7" high power LED headlight
- Durable corrosion resistant polycarbonate lens & housing
- Solid state design resists shock and vibration, DOT/SAE headlight compliant
- Easy connection, fits OEM housing, plugs into existing wiring harness, position light requires additional wiring
- Low beam 500 lumens, high beam 950 lumens

31084

HEADLIGHTS W/ LED POSITION

Universal

7" CRYSTAL HEADLIGHT W/ LED HALO RING

- 7" crystal headlight with LED halo ring and 9007 bulb
- Reinforced aluminum reflector with rugged anti-vibration construction
- Sold individually

31284 | Amber LED Halo Ring

31285 | White LED Halo Ring

Universal

7" CRYSTAL HEADLIGHT W/ AUXILIARY LED

- High power LED 7" headlight with clear lens, 34 auxiliary LED
- Reinforced aluminum reflector with rugged anti-vibration construction
- H4/HB2/9003 halogen bulb: 12V 65/55W, replaces H6017/H6024
- HB2/9003 DOT/SAE code: DOT SAE-HR1-01
- DOT/SAE compliant, sold individually

31378 | Amber Auxiliary LED

31379 | White Auxiliary LED

Universal

7" CRYSTAL HEADLIGHT W/ LED POSITION LT

- 7" crystal headlight with 6 hi/low function amber LED position lights
- Reinforced aluminum reflector with rugged anti-vibration construction
- DOT/SAE Hr 15, LED for auxiliary/utility purposes, sold individually
- Includes 9007 halogen bulb and seal beam/H4 plug adapter
- 12V, dual function auxiliary LEDs have three wire hookup

31247

HEADLIGHTS

Universal

7" SEALED BEAM HEADLIGHT

- 7" regular 6014 sealed beam headlight
- Replaces H6014/H6024, high and low beam

30356

Universal

7" CRYSTAL HEADLIGHT

- Reinforced multi-surfaced, aluminum reflector
- Rugged anti-vibration construction
- Sylvania halogen bulb: H4/HB2 12V 65/55W
- Replaces H6014/H6024, SAE & ECE approved

31387

Universal

7" GLASS LENS HEADLIGHT

- 7" round headlight with glass lens & replaceable H4 bulb
- Replaces H6014/H6024, high and low beam, H4 bulb included

A5023-3

Universal

7" SEALED BEAM HEADLIGHT

- 7" regular 6014 sealed beam headlight
- Replaces H6014/H6024, high and low beam

30354

Universal

7" GLASS HEADLIGHT W/ 1893 Accent Socket

- 7" round glass headlight with 1893 accent socket
- High beam only

31393

LED HEADLIGHTS

Universal

5 3/4" LED HEADLIGHT W/ POSITION LIGHT

- 9 high power 5 3/4" LED headlight with LED position light bar
- High power bright LED high and low beam
- Reinforced aluminum reflector with rugged anti-vibration construction

31259 | Amber LED Position Light Bar

31267 | White LED Position Light Bar

Universal

5 3/4" LED HEADLIGHT

- 8 high power 5 3/4" LED headlight
- Replaces H5001 and H5006 bulb, DOT/SAE and FMVSS 108 compliant
- Easy connection, fits OEM housing or fender, plugs into existing wiring harness
- Low beam 1,020 lumens, high beam 1,600 lumens

31201 | Silver

31202 | Black

Universal

5 3/4" CRYSTAL HEADLIGHT

- Beautiful crystal clear front lens
- Reinforced multi-surfaced, aluminum reflector, rugged anti-vibration construction
- Sylvania halogen bulb: SAE 9007 12V 65/55W
- Replaces H5001/H5006, SAE & ECE approved
- 9007 bulb adapter plug included, item # 34207V

31386

Universal

5 3/4" SEALED BEAM HEADLIGHT

- 5 3/4" round sealed beam Philips headlight
- High beam and low beam

H5006

LED HEADLIGHTS

Universal

5"x7" LED HEADLIGHT

- 9 high power LED rectangular headlight with 6 white LED light bar
- Reinforced aluminum reflector, rugged anti-vibration construction
- IP67 weatherproof rating
- High beam 3,700 lumens, low beam 1,800 lumens

34122

Universal

5"x7" LED HEADLIGHT

- 12 High power LED rectangular headlight with durable corrosion resistant polycarbonate lens & housing
- Solid state design resists shock and vibration
- Easy connection, fits OEM housing, plugs into existing wiring harness, position light requires additional wiring
- High beam 1,100 lumens, low beam 600 lumens

31087

Universal

5"x7" LED CRYSTAL HEADLIGHT

- 5 high power LED crystal headlight with high and low beam function
- Reinforced aluminum reflector and rugged anti-vibration construction

31297

LED HEADLIGHTS

Universal

4"x6" LED HEADLIGHT W/ AMBER AUXILIARY

- High power LED headlight with quality crystal clear polycarbonate lens
- Center light bar with 9 super bright amber LEDs
- Waterproof die-cast housing provides maximum protection and durability
- OEM fit, plugs into existing wiring harness
- Sold individually, please specify low beam or high beam

31150 | Low Beam

31151 | High Beam

Universal

4"x6" LED HEADLIGHT W/ WHITE AUXILIARY

- High power LED headlight with quality crystal clear polycarbonate lens
- Center light bar with 9 super bright white LEDs
- Waterproof die-cast housing provides maximum protection and durability
- OEM fit, plugs into existing wiring harness
- Sold individually, please specify low beam or high beam

31152 | Low Beam

31153 | High Beam

Universal

4"x6" LED CRYSTAL HEADLIGHT

- High power 5 LED rectangular crystal headlight with high and low beam function
- Reinforced aluminum reflector, rugged anti-vibration construction
- Replaces H4651/H4656
- SAE approved

31365

LED HEADLIGHTS

Universal

4"x6" LED HEADLIGHT-HIGH BEAM

- Durable corrosion resistant polycarbonate lens & housing
- Solid state design resists shock and vibration
- Easy connection, fits OEM housing, plugs into existing wiring harness, position light requires additional wiring
- High beam 1000 lumens, 6500kelvin, 12-24v DC input

31089

Universal

4"x6" LED HEADLIGHT-LOW BEAM

- Durable corrosion resistant polycarbonate lens & housing
- Solid state design resists shock and vibration
- Easy connection, fits OEM housing, plugs into existing wiring harness, position light requires additional wiring
- Low beam 750 lumens, 6500kelvin, 12-24v DC input

31088

Universal

4"x6" BLACKOUT LED HEADLIGHT-HIGH BEAM

- 4"x6" rectangular crystal headlight with 1 high power LED and 6 high power LED position lights
- Solid state design resists shock and vibration
- Durable corrosion resistant polycarbonate lens & housing
- Load resistor may be required for proper installation
- DOT/SAE FMVSS 108

31299

LED HEADLIGHTS

Universal

4"x6" LED HEADLIGHT W/ POSITION LIGHT

- Rectangular 1 high power LED headlight with 6 amber LED dual function position lights
- Solid state design resists shock and vibration
- Die-cast aluminum housing, impact resistant polycarbonate lens for protection from road hazards
- 12-24v DC input, ~.35 Amps / 8.5 Watt, FMVSS 108
- Sold individually, please specify low beam or high beam

31237 | Low Beam

31238 | High Beam

Universal

4"x6" LED HEADLIGHT W/ POSITION LIGHT

- Rectangular 1 high power LED headlight with 6 white LED dual function position lights
- Solid state design resists shock and vibration, DOT/SAE headlight compliant
- Die-cast aluminum housing, impact resistant polycarbonate lens for protection from road hazards
- Low beam 600 lumens, high beam 1,000 lumens
- Sold individually, please specify low beam or high beam

31168 | Low Beam

31169 | High Beam

Universal

4"x6" CRYSTAL PROJECTION HEADLIGHT

- Crystal projection headlight with 6 white LED position lights
- Reinforced aluminum reflector, rugged anti-vibration construction
- Low beam includes two 9005 adapter plugs (one 3 wire to 2 wire plug and one 2 wire plug)
- High beam has 2 wires and 9005 adapter plug
- Sold individually, please specify low beam or high beam

31375 | Low Beam

31376 | High Beam

LED HEADLIGHTS

Universal

4"x6" LED PROJECTION HEADLIGHT

- 11 high power LED projection headlight with white LED position light bar
- Die-cast aluminum housing, impact resistant polycarbonate lens for protection from road hazards
- Solid state design resists shock and vibration, DOT/SAE FMVSS 108

31274 | Low Beam

31275 | High Beam

Universal

4"x6" LED HEADLIGHT W/ LED LIGHT BAR

- 9 high power LED dual function light with 6 white LED light bar
- Reinforced aluminum reflector, rugged anti-vibration construction
- Headlight fits OEM housing, plugs into existing wiring harness
- For off-road use only

34125

Universal

4"x6" CREE LED HEADLIGHT

- 1 high power Cree LED headlight
- Solid state design resists shock and vibration, DOT/SAE FMVSS 108
- Improves visibility with whiter light output that is closer to daylight
- Durable corrosion resistant polycarbonate lens & housing
- Load resistor may be required for proper installation, SAE/DOT FMVSS108
- Sold individually, please specify low beam or high beam

31396 | Low Beam

31397 | High Beam

HEADLIGHTS W/ LED POSITION

Universal

4"x6" LED CRYSTAL HEADLIGHT

- Crystal headlight with 9 amber LED position lights
- Reinforced aluminum reflector
- Rugged anti-vibration construction
- Sold individually, please specify low beam or high beam

31373 | Low Beam

31374 | High Beam

Universal

4"x6" CRYSTAL HL W/ LED POSITION LIGHT

- Crystal headlight with 9 white LED position lights
- Reinforced aluminum reflector
- Rugged anti-vibration construction
- Sold individually, please specify low beam or high beam

31368 | Low Beam

31369 | High Beam

HEADLIGHTS

Universal

4"x6" RECTANGULAR CRYSTAL HEADLIGHT

- Reinforced aluminum reflector, rugged anti-vibration construction
- Replaceable bulb, Sylvania halogen bulb: SEA-9007 12V 65/55W
- Replaces H4651/H4556, SAE & ECE approved
- High and low beam, 9007 bulb adapter plug included

31388

Universal

4"x6" RECTANGULAR CRYSTAL HEADLIGHT

- Reinforced aluminum reflector, rugged anti-vibration construction
- Replaceable bulb, Sylvania halogen bulb: SEA-9007 12V 65/55W
- Replaces H4651/H4556, SAE & ECE approved
- High beam only, 2 wire 9007 bulb adapter plug included

31390

Universal

5"x7" RECTANGULAR CRYSTAL HEADLIGHT

- Reinforced aluminum reflector, rugged anti-vibration construction
- Replaceable bulb, Sylvania halogen bulb: H4/HB2, 12V 65/55W
- Replaces H6054

31389

BULBS / ADAPTERS / ETC.

Universal

9005/HB3 LED HEADLAMP BULB

- 2 Cree high power white LED headlamp bulb
- 10W low beam application, bright 1,200 lumen output, 6,000k
- Fan-less design, proprietary heat sink dissipates excess heat
- Sold individually

36888

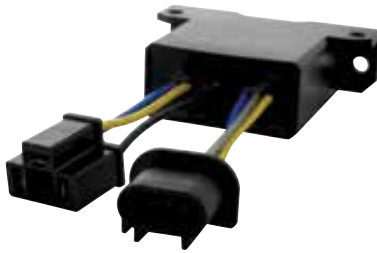

Universal

XENON WHITE 9007 HALOGEN BULB

- 12V, Hi/Low function
- High beam 100 watt/low beam 80 watt
- Sold in pairs

39132

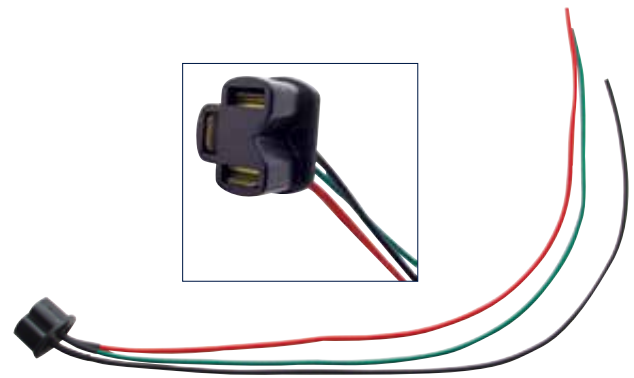

Universal

LED HL ANTI FLICKER MODULE & ADAPTER

- LED headlight PWM anti flicker module & adapter for most vehicles using pulse width modulated electrical systems
- Eliminates flicker on LED headlamps
- Adapts common H13 plug to H4 plug used by most LED headlights

34217B

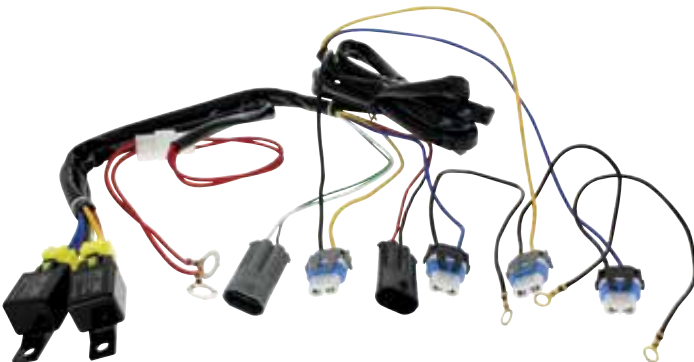

Universal

HEADLIGHT PIGTAIL

- 3 contact female pigtail for H4 halogen bulbs
- Head resistant wire, OEM #: 01A-13076
- Sealed beam or halogen bulb socket with 3 high heat resistant nylon wires, black, green and red

34222

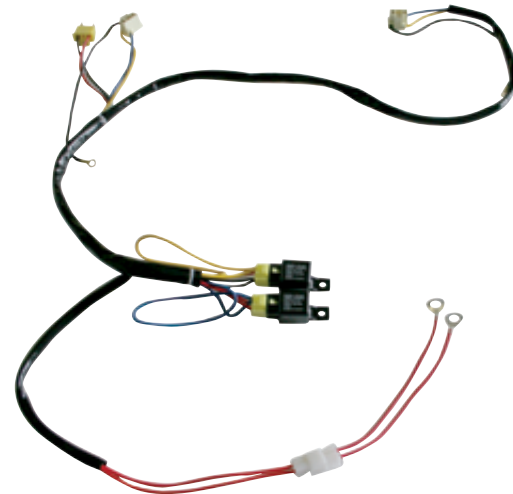

Universal

9005/9006 HEADLIGHT RELAY HARNESS KIT

- Sends high amperage to headlamps and corrects dim lights
- 12 volt

34264

Universal

H4 HEADLIGHT RELAY HARNESS KIT

- Sends high amperage to headlamps and corrects dim lights
- Works on original style 6014 sealed beams

34263

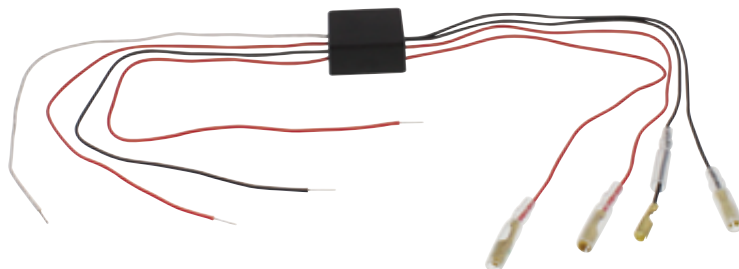

LED CONTROL MODULE

Universal

DUAL FUNCTION LED CONTROL MODULE

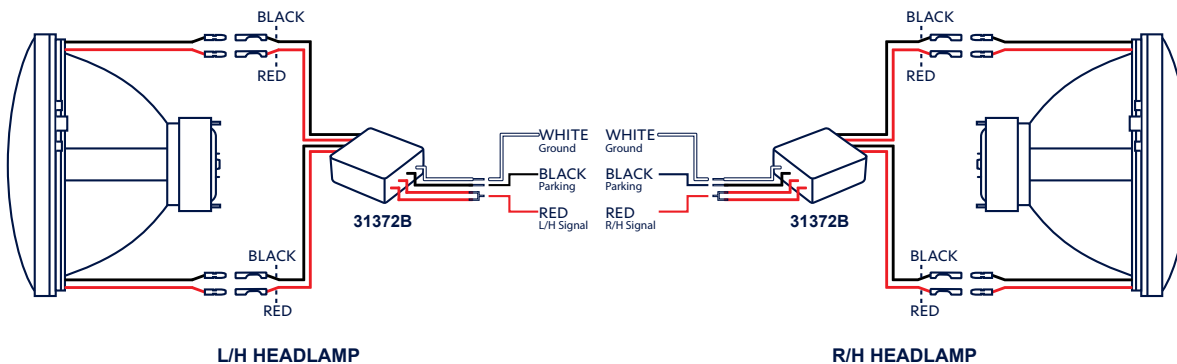

- Add dual function high/low brightness to 31378 and 31379 headlamps with 34 LED accent lights
- Built in split operation for motorcycle application
- Easy plug & play hookup, wiring instructions included
- Sold individually, for 12 Volt LED use only

31372

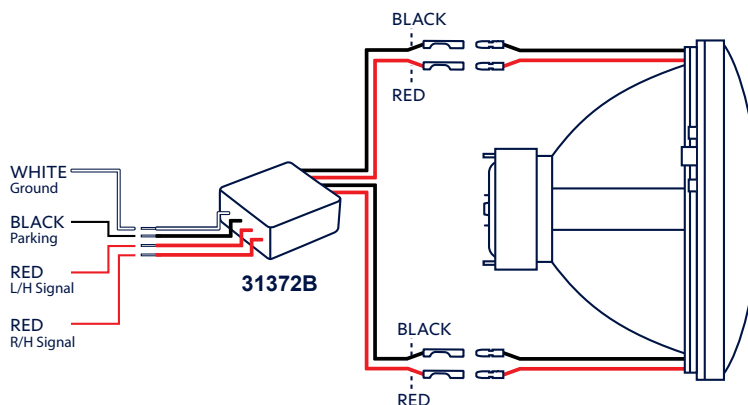

For Cars & Trucks

- Red wires 12+ for turn signal (high brightness). Connect BOTH red wires together.
- Black wire 12+ for parking/running light (lower brightness).
- White wire negative (ground-).

For Motorcycles

- Red wires 12+ for R/H and L/H turn signal (high brightness).
- Black wire 12+ for parking/running light (lower brightness).
- White wire negative (ground-).

HEADLIGHT PARTS

1947-54 Chevy Truck

HEADLIGHT RIM KIT

- Includes 2 polished stainless steel headlight bezels, 2 rubber "o" ring gaskets, 2 set clips
- Headlight bezels, "o" rings, and clip set also available separately

C7011-KIT

C7011 | Headlight Bezel Only

C7012 | Bezel "O" Ring Only

C7013 | Headlight Clip Set Only

1963 Chevrolet Truck

CHROME HEADLIGHT BEZEL

- Beautiful triple chrome plating
- 8 oval head sheet metal screws included
- Sold in pairs

110429

1955-57 Chevy Truck

CHROME HEADLAMP BEZEL SET

- Beautiful chrome plating
- High quality rubber seals included
- Sold as a set

TERMS & CONDITIONS / ORDERING GUIDELINES / FREIGHT

IMPORTANT: PLEASE REVIEW CAREFULLY

New Accounts

Initial minimum buy-in is \$2,000 (or to be determined by United Pacific Industries, UPI hereafter). All initial orders must be prepaid in advance by Cashier's Check or VISA/MC. All new/potential accounts must complete a UPI "New Customer Info/Credit Form" and follow the Dealer Qualification Instructions. Upon completion of the credit application, approved accounts will be assigned payment terms of NET 30 Days (from invoice date). Accounts denied a credit line will be required to prepay in advance by Cashier's Check or VISA/MC.

Payment Terms:

Term Accounts

Accounts with NET 30 Days terms are required to submit payment within the 30 days from the date of invoice. Acceptable forms of payment include checks, ACH (Automated Clearing House), or wire transfer.

A service charge of 1.5% per month will be imposed on invoices not paid within the 30 day term. Delinquent accounts will be required to pay Cash-In- Advance (CIA). Checks will be accepted but orders will not be released until the check is cleared by the bank. Past due invoices will delay current orders. Please check with UPI on your account status when placing an order.

Credit Cards

Accounts denied credit terms may pay by Visa or MasterCard. Credit card will be charged upon shipment. Credit card payments will not be accepted once an order has been shipped. UPI does not accept American Express or Discover card.

COD

A \$9.00 fee will be assessed per COD box for all FedEx/UPS COD shipments. Truck COD shipment fees are to be determined later by trucking company.

Returned Checks:

A \$30 NSF (Non Sufficient Fund) fee will be assessed on each incidence a check is returned to UPI.

ORDERING GUIDELINES

Placing Orders: New orders may be placed by any of the following methods

1. Fax: **888.986.6088**
2. E-mail: antique@upauto.com
3. Telephone: In order to minimize errors, customers are encouraged to submit their orders by fax or email. Telephone orders should be limited to smaller orders such as add-ons to orders already submitted and/or fill-ins occurring between larger restocking orders.

Changes to Orders:

Whenever possible, revisions to orders - additions or deletions of items - should also be submitted via fax or email to reduce the possibility of errors.

Additions/Deletion of items will only be accepted within 48 hours after the initial order date and/or before 12:00PM on the date of the shipment. Additions of items placed after the 48 hours time period will be considered a new order and adhere to a new order freight prepaid policy. Deletions of item cannot happen after the 48 hours time period and/or after 12:00PM on the date of the shipment. Please note additions and/or deletions of items will delay the shipment date.

Canceling Orders:

Cancellation of orders must be submitted via fax or email within 24 hours of the order date. If the order has already shipped it will be the customers responsibility to return the order at the customers own expense. A restocking fee may apply, please see "Return" policy for further detail.

Backorders:

Customers have the option of having their backorders shipped or canceled. UPI will notify customer as to availability of backorders and will be able to ship any backorder items customer still needs as part of their next stock order. UPI reserves the right to cancel backorders that are 6 months or older from the initial invoice date.

Minimum Order:

A minimum order of \$50.00 is required. Orders below \$50.00 will be assessed a minimum order fee of \$10.00.

Packaging:

A 10% service charge will be added to orders with special packaging or UPC barcoding requirements.

Lead Times:

Standard lead time for all United Pacific orders is 1-3 business days from the receipt of the purchase order. Larger orders may require a lead time of up to 5 business days. Transit time of 3-5 business days must be considered when placing orders. UPI cannot be responsible for delays in shipment after an order leaves our warehouse. UPI will work to resolve delays with freight forwarding firms, however, delays do arise from time to time due to weather and unforeseen circumstances beyond UPI's control. Express order are exempted; please view Freight/Shipping Policy for further detail.

Order Confirmation:

United Pacific will acknowledge receipt of orders by email/fax/ telephone within 1 business day of receipt. If confirmation is not received, please contact UPI to ensure your order was received.

FREIGHT

Prepaid Freight:

Stock orders between \$50 and \$999.99 (US Lower 48 States), **\$50 and \$2499.99 (Alaska and Hawaii)**, **\$50 and \$1499.99 (Canada)**, [all price net US\$], will be shipped FOB Long Beach, California. Stock orders of \$1,000 (US Lower 48 States), **\$2500 (Alaska and Hawaii)**, **\$1500 (Canada)**, [based on UPI current pricing], or more will be shipped Freight Prepaid Ground to a single location only. (See exception for Oversize Items*). Express Air orders, Special Net Pricing orders, and Special Quote Pricing orders are excluded. United Pacific reserves the right to select the carrier of our choice. Customers may select the carrier of their choice at their own expense, negotiated rates and insurance. If customers elect to choose their own freight carrier, orders will be shipped via FREIGHT COLLECT.

Oversize Item Freight Policy – Applies to 1932 Ford car & truck body shell assemblies, 1932 Ford car & truck body parts such as floor assembly, roof, door, fender, quarter panel, grille, bulk rail gutter, bulk roof tack strip, chassis & frame, wheels & tire, and any exceptionally large or heavy item.

1. Freight will be prepaid by United Pacific if the total order of all items exceeds \$4,000 (US Lower 48 States) or **\$5000 (Hawaii, Alaska and Canada)**, [all price net US\$]. There will not be additional charges for these items included on the order.
2. Freight will be prepaid by United Pacific if a customer orders a total of \$2,500 (US Lower 48 States) or **\$3500 (Hawaii, Alaska and Canada)**, [all price net US\$], of PB 379 fenders, 60" or longer exhaust, and/or 18"+ Longer Saddle Boxes only. If the order is below \$2,500 (US Lower 48 States) or **\$3500 (Hawaii, Alaska and Canada)**, United Pacific will add freight charges to the order for the oversize items.

Will Call Orders:

Will Call orders can be picked up 2 - 4 hours after placing the order. Customers should always call ahead to confirm when order will be ready to pick up.

SHIPPING POLICY / CLAIMS

IMPORTANT: PLEASE REVIEW CAREFULLY

SHIPPING POLICY

International Shipments:

Shipments to locations outside the continental United States will be shipped to the customer's shipping agent or broker within the continental United States in accordance with the US freight policy. International customers will be responsible for the duties and taxes of their respective country.

Express Orders:

All express orders, such as Next Day, Second Day, 3 Day Service & Will Call, must be faxed/mailed. Order confirmation will be faxed to the customer for final approval. If confirmation is not received, please contact UPI to ensure your order was received. Customers are required to sign off on express orders and fax confirmation back to UPI. Cut off for express order is 12:00PM. Express orders received after 12:00PM may or may not ship the same day. Please call UPI to confirm projected shipping date or will call time.

Due to the high cost of express shipments, customer may request UPI to call to confirm freight charges. If customer does not request confirmation, UPI will ship the express order.

Drop Shipments:

All drop shipment orders will be assessed a 5% processing fee. Drop shipment processing fee will be automatically added to the invoice without notice. All drop shipment orders must be faxed in. No freight allowance or prepaid freight will be permitted for any drop shipments, thus, all drop ship orders, regardless of order size, are FOB Long Beach, CA.

CLAIMS

General Policy:

All claims (Shortage, Mis-Shipped, Damage, Overage, Customer Error & Billing Error) must be submitted to UPI within 3 business days of the receipt of shipment. Claims submitted beyond 3 business days of the receipt of shipment will be voided by UPI.

On all shipments, the person who signs and receives the shipment is responsible for noting on the Bill of Lading, in writing, whether any boxes arrived damaged or shorted. Failure to do so will void all claim rights between all parties. UPI will have no recourse against the trucking company if customer does not note any damages or shortages on the Bill of Lading.

The customers receiving department must count and sign for the exact number of boxes received. Failure to follow the above instructions will void all claim rights between all parties.

Shortages / Mis-Ships / Damages

While UPI strives to fill every order with 100% accuracy, on occasion an item may get shipped in error or get damaged during shipping. In the event this occurs, please follow the process below. Note: This type of claim must be reported to UPI within three (3) business days of receiving the order.

1. Contact the United Pacific office to initiate the claim. To make it easy for you we have two acceptable methods for requesting the claim:

- By e-mail : returns@upauto.com
- By fax : [888.986.6088](tel:888.986.6088)

* **Note: To ensure you receive a timely credit, we cannot accept claim requests by phone.**

2. You will be required to provide the following information:

- Your business name
- Contact name and telephone number (in case we have questions)
- Date the order was received
- A copy of the Packing List / Invoice noting the item number and quantity that was shipped in error or damaged during shipping.
- Special instructions you have for us.

3. UPI will send a return label so you can ship the items back.

4. Once we receive the miss-shipped/damaged item(s) a credit will be issued to your account on the next billing cycle.

5. Shortages will be credit to the Customers' account, unless customer would like the shortages replaced.

Overages:

UPI strives to provide our customers with the best customer service and products, in turn we would greatly appreciate any help from customer in notifying UPI of any shipping overages. Customers will be offered the option of retaining the merchandise or returning the merchandise to UPI at UPI's expense. If the items are to be returned, an RMA number and return shipping label will be provided.

Customer Errors:

Any item or quantity ordered in error by the customer may be returned by contacting UPI for a RMA No.

1. To make it easy for you we have two acceptable methods for requesting the RMA:

- By e-mail: returns@upauto.com
- By fax: [888.986.5988](tel:888.986.5988)

* **Note: To ensure you receive a timely RMA credit, we cannot accept RMA requests by phone.**

2. You will be required to provide the following information.

- * Your business name
- * Contact name and telephone number (in case we have questions)
- * A list of the items number and quantity ordered in error
- * Special instructions you have for us

3. UPI will review the request to ensure the products are within the return period.

4. Once we have validated the request, United Pacific will issue an RMA number to the customer. In issuing the RMA approval, the following conditions will apply :

- Returned items are subject to a 20% re-stocking fee.
- Return shipping costs are the responsibility of the customer.
- Items must not have any retail/price sticker on exterior packaging or they will be returned to the customer at customer's expense and no credit given.
- Items must be in good condition with original packaging intact or they will be returned to the customer at customer's expense and no credit given.
- Allow up to 30 days for the credit to be issued from the time the returned items are received.

Billing Errors:

Billing errors should be reported to UPI within 3 business days of invoice receipt. Customers are asked to provide the invoice number, part number, and quantities in question. Once verified, UPI will issue a credit or an invoice for the difference in billing error.

WARRANTY POLICY / RETURNS

IMPORTANT: PLEASE REVIEW CAREFULLY

WARRANTY POLICY

General Policy:

UPI offers a NO HASSLE WARRANTY RETURN policy to all our customers. Warranty claims can only be submitted through an authorized UPI Distributor. UPI warranty is not transferable and applies to the original installation and purchase only. In no event shall UPI be liable for incidental or consequential damages, nor shall UPI be liable for any claims or damages arising out of or connected with the UPI warranty exceed the purchase price of the products. There are no warranties, expressed or implied (including any warranty of merchantability or fitness) that extend beyond this warranty. The warranty does not apply to costs associated with the loss of use of the product, loss of time, inconvenience, commercial loss, incidental or consequential damages. UPI reserves the right to alter the designs of products without assuming any obligation to modify previously manufactured products and will only replace warranted products with redesigned products.

Warranty does not apply to merchandise that has been drilled, cut, welded, modified in any way or installed contrary to normal installation and usage. In addition, UPI cannot be held liable for damages caused by road hazards, accidents, misuse, neglect, abuse or corrosive environments including acid washes and highway snow/ice chemicals which can cause discoloration and corrosion in aluminum, chrome, stainless steel and light products. UPI reserves the right to credit returned merchandise at the initial purchase price or at the current selling price, which price ever is lower.

Aluminum / Chrome / Stainless Steel Products:

All aluminum, chrome, and stainless steel products carry a limited 6 month warranty (from invoice date) against defects in material or workmanship.

Lighting Products:

Incandescent

All incandescent lighting products carry a limited 12 month warranty (from invoice date) against defects in material or workmanship. The limited 12 month warranty does not apply to several applications, such as, buses, construction equipment, and off road vehicles.

LED

All LED lighting products carry a specific Limited Warranty (from invoice date) against defects in material or workmanship.

- LED with vehicle specific application is limited lifetime warranty to an original purchaser with receipt. Examples of lifetime warranty product: CTL5720LED CTL5720LED for 1957 Chevy, FTL3201LED-L for 1932 Ford.
- LED Marker, 2", 2-1/2", 4", 7", Oval & Square Lights - Varies from 2 years to 10 years to Limited Lifetime, depending on specific item. The housing, bezel or mounting base on any light made from Chrome/Stainless carries a 6 month limited warranty.
- LED Cab Lights and Kits, Double/Single Stud Turn Signal and PB/KW/FL/VL or non-make Turn Signals and any/all Strip Lights - Varies from 2 years to 10 years to Limited Lifetime, depending on specific item. The housing, bezel or mounting base on any light made from Chrome/Stainless carries a 6 month limited warranty.
- LED Beacon, Driving, Headlights, Work & Warning Lights - Varies from 6 months to 3 years. The housing, bezel or mounting base on any light made from Chrome/Stainless carries a 6 month limited warranty.
- All LED Accessory Lights (Honda, Stainless Steel Double/Single face Lights, Interior Lights, License Plate Lights, and any Accent Lights. The housing, bezel or mounting base on any light made from Chrome/Stainless carries a 6 month limited warranty.

RETURNS

General Policy:

All returns must be authorized by UPI. All return requests must be faxed or e-mailed (returns@upauto.com) A RMA number (Return Merchandise Authorization Number) will be provided. Returns not possessing a valid RMA number are subject to rejection and will be returned to sender at the customer's expense.

All customers are encouraged to use the Warranty RMA Claim Form.

Defective Goods / Warranty Return:

UPI offers our customers a No Hassle Warranty Return. Please follow the instructions below for requesting a RMA for defective goods:

1. If any warranty issues occur, simply contact the UPI for RMA number To make it easy for you we have two acceptable methods for requesting the RMA:
 - By e-mail: returns@upauto.com
 - By fax: **888.986.5988**
 - **Note: To ensure you receive a timely RMA credit, we cannot accept RMA requests by phone.**
2. You will be required to provide the following information:
 - Your business name
 - Contact name and telephone number (in case we have questions)
 - A list of the defective item number and quantity with the nature/ reason of the defect
 - Special instructions you have for us
 - The enclosed fax form may be used for your convenience to request an RMA
3. UPI will review the request to ensure the products are within the stated warranty period.
4. Once we have validated the warranty items, a RMA confirmation, listing the items and cost will be faxed to the customer within 3 business days. UPI will process the credit to your account within 30 days.

Note: There will be no need to return the warranty product to us. However, from time to time, UPI may require some warranty products to be shipped back so we may analyze the cause of the failure. All warranty products that are required to be shipped back will be freight prepaid by UPI.

Stock Return

United Pacific Industries encourages all customers to regularly monitor the sales volume and stock level of their inventory items. As sales trends may slow the movement of specific items, our hope is that those items are featured as "close-out specials" as to minimize stock returns. We also understand that the customer, from time to time, may accumulate over-stock items and desire to return those. Therefore, we have adopted the following policy below.

NOTE:

- Items must have been purchased by the dealer requesting the stock return.
 - Items must have been purchased within the preceding 12 months.
 - Items that have been discontinued will not be considered for return.
1. Contact the United Pacific office for RMA number We have 2 acceptable methods for requesting the RMA:
 - By e-mail : returns@upauto.com
 - By fax : **888.986.6088**
 - *Note: To ensure you receive a timely RMA credit, we cannot accept RMA requests by phone.**
